

## From Tony

May 2014

This is the most excited I've been writing a letter to you. I know that this can change everything for you. We have truly made a real-life quantum leap. I so much can't wait to put this to you, this is April and I am already writing the letter.

In the past, people have said 'I wish I could have been around to bet on the fights' or 'I wish I had heard about the oil at the start when it was \$15 a share'. Well, how about something better?

Josh Stewart has just scored a new massive real-life success. But wait – this success holds life-changing benefits for you also because it shows step-by-step how to achieve unlimited success.

Susan, Josh and I have been perfecting this 'Educo® Model' over the last few years. They have been experimenting with the model, to great success, right up to the latest where Josh, with support from us, has hit one right out of the ballpark.

On our end, the three of us are over the moon because this new Educo® Model gives results like never before. We so want you to put this to the test for yourself. You may have heard me say that a really big hit at the top of the pyramid cascades down and changes everything underneath. This is exactly what has happened.

The seminars have been changed as a result and they have been taken to a whole new level. At our meeting you will be updated.

# THE GOOD LIFE CLUB

Educo®: To Draw out Your Life and Lifestyle from Within.

---

Many have asked how it is that Susan and Josh are at a whole different level of success (and have just upped the ante). Well, now we are going to tell you – THE ANSWER!

And also, how the more the model is applied the greater the success. Drop everything and get to this meeting.

Educo® – to lead out – to Unlimited Success. Learn how to achieve personal and business success and lead others to success.

Truly a wonderful opportunity will open for you on the day.

All my love,

Tony

P.S. I really believe that this day will be the changing point in your Life – for real! Bring your Notebook.
